### **Priorities**

Our priority always seems to be addressing the schedule.

### **The Schedule and Sign-up**

The schedule (linked below), available for view on our website, still has room slots unfilled and lists names of members no longer in service. A more assertive campaign of informing the members of the group needs and how and why to participate in service is needed.

The sign-up form, also on the website, has been underutilized. Most of the welcomed offers of service or enquiries about training arrive by email.

### **The Service Support Team**

The Co Secretaries still have not involved the Service Support Team effectively. Members are in place yet there have not been any meetings. Email communication is available. We will put more effort into establishing a vibrant Service Support Team.

### **Service on the 7s**

Our Service Sessions are held in a breakout room after the meeting on the 7<sup>th</sup>, 17<sup>th</sup> and 27<sup>th</sup> of each month. They have been well attended and successful. These sessions provide fellowship focused on service and help develop policy and support. For example, the Tech Hosts created a What's App phone group as an emergency contact point, in case there are problems with opening the Zoom room. We will continue our Service Sessions; confident they offer substantive opportunities for clarity and support.

### **The Newcomer Greeter Position**

We have begun to develop definitive language and practices for the Newcomer Greeter. Presently we are aiming to draft a simple introductory paragraph, as well as a list of bullet point reminders which greeters could touch upon, using their own words. We are in the initial phase of development.
