

WEBSITE REPORT

1. In September, we had 3004 views of the website, when our tracking plugin stopped working around September 22nd (most likely due to an auto-update). With the data we do have, the highest number of page views in the last 30 days were:
 - Our Meeting
 - Script and Slides
 - Group Conscience (GC) Business Meeting: Agenda, Minutes and Business Items
 - Home Page / Archives
 - Contact List

The Jetpack plugin has been re-installed and should now be tracking views and site visits from October 14th.

A few upcoming fellowship event listings and resources were added to the site.

Until next time.
